On \_\_\_\_\_ (day and date) children’s book author Polly Holyoke will visit our school. Polly is the author of *The Neptune Project* and *The Neptune Challenge*, undersea adventure stories published by Disney-Hyperion for ages 10-14.

**About the Books:** *The Neptune Project* is set in a future where the seas are rising and wars and famines wrack the surface world. Nere Hanson and her teen companions are shocked to learn that they have been genetically engineered by their desperate parents to live in the sea. Protected by her loyal dolphins, shy Nere leads the rest on a perilous journey to her father’s new colony. In *The Neptune Challenge*, Nere and her friends must go on a dangerous rescue mission and retrieve a secret that may help to save the oceans and our planet from climate change.

## What Reviewers are saying:

“This suspenseful, undersea dystopia should keep middle schoolers hooked...” *Kirkus Reviews*

“The novel hits hot button issues, especially global warming and its consequences, but should be popular with readers who are looking for a slightly different dystopian adventure or those who just dream of living in the ocean and playing with dolphins.” *School Library Journal*

**Recognitions:** *The Neptune Project* was selected to state reading lists in TX, MD, FL, HI and OH.

**How to Order:** If you would like your student(s) to own a signed copy of *The Neptune Project*, *The Neptune Challenge*, or *The Neptune Promise*, please complete the bottom portion of this letter and return it to school by \_\_\_\_\_.
